

HEALTH4EUkids
Your Kids' Health, Our Priority

[Menorca, Spain], [19th and 20th September 2024]

SUBJECT: “Health4EUkids” WP5 “Grunau Moves” & WP6 “Smart Family” meeting

The “Health4EUkids” joint action of the EU4Health European project co-funded by European Union and HaDEA is included in the field of health promotion and prevention of non-communicable diseases, indicating best practices and specific risk factors from research results on childhood obesity that have already been developed from previous research actions, namely Grünau Moves (Germany) and Smart Family (Finland).

At the WP5 & WP6 meeting of the European project "Health4EUkids" that will take place on 19th and 20th September 2024 in Menorca (Spain), the General Directors of Public Health from the Ministry of Health, Mr Pedro Gullón, Conselleria de Sanidad of the Valencian Region, Ms Ruth Usó, and the Conselleria de Salut of the Balearic Islands, Ms Antonia Elena Esteban Ramis will welcome the collaborated partners (Belgium, Croatia, Greece, Finland, Hungary, Italy, Lithuania, Malta, Poland, Portugal, Slovenia, Spain).

On the first day of the meeting Session 1: WP1 Coordination Overview and Strategic Direction will be chaired by Apostolos Vantarakis (UPAT, Greece) and the Session 2: Meeting Overview – Agenda Highlights and Objectives will be chaired by Rosana Peiró (Fisabio & GDPH Valencia, Spain) and Heli Kuusipalo (THL, Finland). Päivi Mäki (THL, Finland) will present the WP5 & WP6 Common Ground: “Monitoring the prevalence of overweight and obesity in children – Opportunities, challenges and status update”, while Carmen Barona (DGSP-GVA, Spain) will present the “Childhood Obesity and Overweight Regional Monitoring System, DGSP-Valencian Region”. Finally, on Session 3: Presentation of Implementation Projects in WP5 & WP6, each partner will present WP5 & WP6 Pilots Follow-up, Barriers and Challenges.

The second day of the meeting will start with WP5 & WP6 Pilots Follow-up, Barriers and Challenges. Then, Session 4: Evaluation Indicators – Assessing Progress and Measuring Impact, Peter Csizmadia (NNGYK, Hungary) will present the Evaluation indicators for WP5 & WP6 followed by workshops on evaluation and adaptation with parallel sessions for WP5 and WP6. Finally, Evaluation Proposals –
